HIGGINS' DOG.—It was a great many years ago at a camp-meeting, that Brother Higgins, a good man, but passionately fond of dogs, came in one day, accompanied by a large dog.

asked him to address the congregation and he mounted the stand for that purpose, while his dog sat down on his heels immediately in front, looking at master. In the midst of his discourse which entertained us much, another came up, and after a few sensible

came up, and after a few scuffle at Brother Higgins' dog, began to examine the hind leg of the latter with teeth, apparently for the purpose of ascertaining if it was tender. An animal contest ensued, and one of the congregation came forward for the purpose of assisting the animals. His efforts were completely unavailing. His mouth

not widely successful. He would snarl at the leg of Higgins' dog, but before the hand got there the yellow dog would be on that side, and would probably, by an incidental and cursory bite at the leg, get on his own side of the dog's head. Brother Higgins paused in his discourse and watched the dog. Then he exclaimed: "Spit in the hole."

in fact, whole families." — "How asked the puzzled teacher. And the replied "Why, by not swallowing this. This matches the story of the other who defined salt as " the stuff that potatoes taste bad when you don't p any."

—One of a chubby class of four old Sunday school scholars, when told to by his teacher about the sin of frailties of the body, was asked: "my son, what have you besides this body?" Quick as thought, the little fellow responded: "A team shirt, and a

new pair of breeches."

A Hero.—The pilot of the ill-fated Wasawest must be added to the list of heroes. His name is John W. Boswell and he stood manfully at his post until the wheel was nearly burned up in his hands. His right hand and right leg were terribly burned. He was then compelled to leave the wheel. He jumped overboard, and, maimed as he was, he swam to the shore with two ladies, landing them safely. He then went back to the burning wreck with a boat, and entreated Captain Wood, who was in great peril from flames, to jump on board. The captain said, "No, I'll not leave the ship in visiting this country is to ascertain personally the advantages it affords to emigrants of the farm laborer class, and if satisfied, he will—according to his statements, made at a public meeting on the 30th of July—make arrangements to send over 200,000 men."

Mr. Arch will doubtless endeavor to obtain American co-operation and assistance in locating these men and their families. He will also visit the Dominion of Canada, the provinces of which already offer pecuniary assistance and other advantages to laboring emigrants from the old country.

FRANKLIN COUNTY FAIR.—The eighth annual fair of the Franklin county Agricultural and Mechanical Society will be held on their grounds at Sheldon, September 17, 18 and 19. The annual address is to be delivered by Hon. X. A. Willard of New York, who is confessedly one of the best agricultural writers and speakers in this country.

Prof. Wise, expects to start on his balloon voyage across the ocean, at 5 o'clock on the 25th of August, from New York.

A young lady recently presented her lover with an elaborately constructed paper-wiper, and was astonished the following Sunday, to see him come into church wearing it as a cravat.

The Shah cost Victoria \$33,000.
